Join us for a fun and inspiring afternoon with wellness, stories, prizes, and more!
Your ticket helps the Mass. PPD Fund support parents facing postpartum depression and other Perinatal Mood and Anxiety Disorders (PMADs) through awareness, training, and advocacy. Over 20,000 parents in Massachusetts suffer from PMADs each year, but unfortunately, most do not receive the care they need and deserve. By amplifying parent stories, training mental health professionals and other providers, pushing for better policies, and more, the Mass. PPD Fund is working to make a difference.

But we can't do it without you. Join us!

Free on-site childcare generously provided by the Parkway Y
